

Gr 5 Unit 3 Session 7 Angle Measures in Triangles and Quadrilaterals

The **angle measurements** in the blue **rhombus** are _____.

I determined this by _____.

The **angles** in my **quadrilateral** are _____ **degrees**.

I determined this by _____.

When I tape together the **3 vertices** from the **triangle**, it made a ____.

When we add up the **3 angles** of any **triangle**, it always equals ____ **degrees!**
